

## **x-tention launches UK subsidiary: x-tention Ltd.**

- Group launches UK subsidiary with headquarters in Bournemouth

Bournemouth, 01.08.2019 – x-tention Informationstechnologie GmbH, from Upper Austria, is proud to announce the incorporation of x-tention Ltd on 1 August 2019. Headquartered in Bournemouth, x-tention Ltd will be a key member of the x-tention group and will oversee the group's activities in the UK and Ireland.

'I'm delighted that we are entering this new and challenging market, and I'm hopeful that we will be forging new partnerships with NHS providers and private healthcare companies,' says Herbert Stöger, Founder and Managing Director of x-tention Informationstechnologie GmbH.

One of x-tention Ltd's key areas of activity is data interoperability as a service, providing the best possible support for patient processes and achieving the NHS vision of a fully open and integrated care system across the UK.

The x-tention group includes: x-tention Informationstechnologie GmbH (Austria, Germany and the UK), it for industries GmbH (Austria), soffico GmbH (Austria, Germany and Thailand), FAKTOR D consulting GmbH (Germany), integic AG (Switzerland) and InterComponentWare AG (Germany and the US).

The group provides IT solutions to support hospitals, nursing homes and social care institutions.

Its expertise includes consultancy for processes and organization; consultancy for SAP and IT systems in health and social care; eHealth; security and data protection services; system integrations; software implementation; and application and data centre operation.
